Erin Nicole Kahn
Web Developer + Interactive Designer

Experience

WEB DEVELOPER, Vehicle Media, *October 2018–Present*

- Utilized coding languages such as HTML, PHP, CSS, SASS, Less, JS, Bootstrap, and jQuery to build responsive Wordpress websites

- Edited and updated content, custom fields, posts and pages in the WordPress CMS

- Created, committed, pushed and pulled repositories from and to Github

- Exported, measured, and sized design assets from Adobe software such as Xd, Photoshop and Illustrator

- Designed, coded and edited landing pages, templates, and fully responsive websites for clients like Waffle House, Scott Brothers, Maki Fresh, Bantam & Biddy, Garnish & Gather and more

INTERACTIVE DEVELOPMENT STUDENT, The Creative Circus, *April 2017–September 2018*

- Learned to code responsive websites from the ground up using HTML, CSS, SCSS, JS, AJAX, Vue.js, Flexbox, Greensock, plugins, WordPress, PHP, Git, Github, and more

- Designed and built websites and web applications using design software programs like Adobe Xd, Azure, Balsamiq, Adobe Photoshop, Adobe InDesign, Adobe Illustrator, and Sketch

- Partnered up with interactive designers and other front-end developers to create interesting, functional and creative websites and interactive experiences

GRAPHIC DESIGN INTERN, Cummings Creative Group, *January 2017–March 2017*

- Designed direct mail pieces, digital ads, billboards, info graphics, brochures, digital icons and other print material for clients such as GlobalHealth, Viva Medicare, Motion Industries, Precision IBC Incorporated, Plasson USA, Thompson Lift Truck and First US Bank, using Adobe Software such as Photoshop, InDesign and Illustrator

- Utilized WordPress, Umbraco and basic HTML by updating content and creating client web pages

- Repositioned, organized and packaged web page mockups and elements in Photoshop, thus preparing files and images to be sent to web developers

- Designed client presentations in PowerPoint by sticking to brand guidelines and combining both creativity and simplicity

CREATIVE ADVERTISING INTERN, Flex Digital, *December 2016–February 2017*

- Concepted, sketched and developed the new logo for a non-profit organization, Grace Klein Community

- Conducted research on client material such as social media content, client benefits and geolocations of target markets

- Edited and redesigned the content and page layout of client newsletters using InDesign

- Searched for stock imagery for client websites and changed formats for proof ready files

FREELANCE GRAPHIC DESIGNER, *September 2016–January 2017*

- Designed branding and print material such as logos, business cards, letterheads, stickers and more for local clients and small businesses in Birmingham, AL

- Communicated with various print shops in Birmingham, becoming more familiar with the print process, pricing and production

- Trained in HTML, CSS and JavaScript in order to expand my digital skill set for designing and developing websites

- Watched training videos and experimented with new Adobe software such as Adobe Muse and Adobe Dreamweaver in order to increase my knowledge for creating and designing websites

JUNIOR ART DIRECTOR INTERN, Walls Media LLC, *May 2016–September 2016*

- Blended creative and technical skills to edit designs and deliver presentations to clients using Adobe Creative Suite

- Improved and updated online content and pictures using WordPress and Photoshop

- Boosted visibility of products by taking pictures of Weezie B. Designs for social media sites like Instagram and Facebook

- Crafted corporate print material such as name tags, brochures, fliers, posters, logos and business cards for Walls Media clients, consistently achieving client satisfaction
